

## Meetings & Incentives

# Malaysia

Sample Itinerary Programme

### Day One

At your own leisure.

### Day Two (Langkawi Tour)

Start out with a visit to Eagle Square, a sprawling 19-acre landmark comprising a bronze eagle statue visible from the air or sea and stroll around this area to check out the kiosks selling souvenirs. Afterwards scurry on down to the duty-free shopping pavilion, one of Langkawi's busiest areas.

Later you will be taken to visit the Galleria Perdana, a museum dedicated to Malaysia's fourth Prime Minister Tun Dr Mahathir Mohamad. Afterwards, get a bird's eye view of the island when you take an invigorating cable car ride from the foot of the Oriental Village to its peak. On this ride, take in the vistas of the lush forests, the Telaga Tujuh waterfalls as well as a fabulous view of the deep blue ocean. Lastly, visit Underwater World, a Malaysian man-made tourist attraction and one of Southeast Asia's biggest aquatic and fresh water aquaria. Walk through the 15-metre long tunnel, which thrillingly contains 500,000 litres of seawater and plays home to a diverse range of sea creatures including the Giant Green Turtle.

### Day Three (King of the Sky Tour)

First you'll be taken to visit Pulau Singa Besar, or Big Lion Island, with its verdant rainforests and sunny beaches. Next head on over to Dayang Bunting Island to see the Lake of the Pregnant Maiden and immerse in its waters which are purported to have magical powers that help women conceive.

Admire the king of the skies, the eagles, as they soar overhead and then watch how they dive with deadly precision to catch the food that you throw to them. The day ends with a visit to Beras Basah Island, or Wet Rice Island, another pristine Langkawi beach with clear waters and far-reaching views of the sea. Finally you will be taken back to your hotel for a little rest and relaxation after a day spent in the sand and surf.

### Day Four

At your own leisure.
