

BUILDING WITH A PURPOSE

Discover the ever-changing facade of Hong Kong through this three-day programme! Accommodation at a five-star hotel.

DAY 1

Upon arrival in Hong Kong, set off for the Aberdeen Fishing Village to get a taste of the life of a fisherman. Savour a delectable dim sum lunch at the floating restaurant, before setting off for Repulse Bay.

Take a leisurely stroll along Repulse Bay with its huge statues of Tin Hau and the Goddess of Sea & Mercy, and then shop till you drop at Stanley Market, Hong Kong's famous flea market.

In the evening, make a trip up Victoria Peak, where you can take pictures against the panoramic backdrop of Hong Kong Island and the Kowloon Peninsula.

The day ends with a Chinese set dinner at a restaurant in Harbour City. From the restaurant's al fresco area, watch the 'Symphony of Lights' – a light show which starts at 8pm every night, when Hong Kong's skyscrapers come 'alive'!

DAY 2

Start the day with fun team-bonding activities! Choose to cook up a storm through learning the Chinese way of cooking, or go on a City Hunt around Hong Kong!

OPTION 1: Chinese Cooking Class

Bond with your fellow team mates by whipping up dishes in a well-equipped Chinese kitchen! Learn the Chinese way of cooking at this cooking class. Certificates will be presented to the winning team, and the recipe for each dish will be given to each participant.

OPTION 2: City Hunt

What better way to know the city inside out than with a City Hunt for answers related to Hong Kong and its culture? Split up into teams and go on a wild adventure that lets you discover Hong Kong while having lots of fun!

Lunch takes place at a restaurant on The Peak where you can admire the breathtaking views of Hong Kong Island and the Kowloon Peninsula.

To avoid duplication in itinerary, groups who select Option 2 will not tour The Peak on arrival date.

After lunch, visit Chi Lin Nunnery, the Temple of Wong Tai Sin, and Ladies Market. End the day with dinner at the Oyster Bar & Grill Restaurant.

DAY 3
